ABOUT

Changing the Narrative...
Creating Your Own Opportunity

We're Empowered To Achieve The impossible; Women Empowered To Achieve The impossible — WETATi is a non-profit community based educational and economic empowerment network organization. It is a Center for Creative Thinking, Leadership and Entrepreneurship located at, and in partnership with, Nyumburu Cultural Center, University of Maryland, College Park, MD. We do not discriminate based on religion, ethnicity, gender or sexual orientation.

MISSION

To educate and empower the youths, Next generation and college students about the importance of creating their own opportunities and entrepreneurship mindset. WETATi's core competencies include: entrepreneurship education, business development, E-STEM, Cyber Security, Economics, Financial Literacy programs, training and workforce development. Infusing elements of entrepreneurship education, convention, pitch competition and leadership skill training, WETATi provides a creative and resourceful access to career paths, and life and business readiness in juxtaposition with school preparedness enrichment programs.

*By investing
early in and
advocating
for the youths'
entrepreneurship
Education, we
are making a
down payment
in shaping their
careers as future
community
wealth builders.*

– AMBASSADOR
DR. MARGARET DUREKE,
FOUNDER, PRESIDENT &
CEO OF WETATi

WETATiAcademy.org

WHAT WE DO

WETATi provides entrepreneurship education and training, Convention, idea pitch competition, leadership and creative thinking programs to low to moderate income youths and students. Most of WETATi's participants reside in the DMV's distressed neighborhoods. WETATi targets primarily Next Generations and college students who lack the resources to succeed in mainstream society because of economic or other disparaging barriers.

Facing the reality that the youths from marginalized communities may not enroll in colleges and those who do enroll in colleges are still at a disadvantage because of their backgrounds. This dismal actuality will make this population miss out on competitive, higher-paying job opportunities and or starting their own businesses.

HOW WE DO IT

Changing the Narrative...Creating Your Own Opportunity

We achieve this through:

■ Our partnership programs with area schools and other institutions like:

- University of Maryland, Nyumburu Cultural Center/Jump Start Preparation
- Bowie State University/STEM Program
- Prince George's Community College
- Prince George's County Public Schools
- DC Public Schools
- Charter Schools, etc.

■ Leveraging both private and public sectors such as:

- UMCP
- SA-TECH, Inc.
- US Air Force
- Pepsi
- Old Line Bank
- PNC Bank
- Kaiser Permanente
- Puente Technology, LLC
- DHCD
- TEDCO
- Medstar Family Choice
- Churches
- Volunteers

To the young people, you can't be afraid to fail to be successful... you have to challenge yourself to be successful...

— TIM ADAMS,
PRESIDENT/CEO
SA-TECH, INC.,
WETATi PATRON &
PARTNER

IMPACT

WETATi's programs typically reach at least 3,500 students and youths annually and has shown continued growth with each passing year.
